

Dear ORDER OF LOVE friends,

On several occasions I have been trying to find an appropriate place in Serbia for our winter intensive seminar to take place. There are so many beautiful places all over Serbia; however, since I have not been able there to find an appropriate place with the suitable accommodation, I therefore had to organize our intensive winter seminars in Italy and Slovenia.

It was several months ago when Ms. Goca (whom some of you know either from the Adriatic cruise, or from the Winter intensive seminar in Slovenia, and most of you for her delicious sandwiches being served during the seminar in Belgrade and for her best cakes at the "The Little Prince") spoke to me with enthusiasm about a beautiful place at Ravna Gora, Tara mountain; she said that would be a perfect place for our winter intensive seminar to take place. And so after the last Order of Love seminar we had in Belgrade, Goca and myself took a one-day trip to ČAROBNI BREG (Magic Mountain) located in the middle of Emir Kusturica's natural park, not far from his Drvengrad ("Wooden Town"), Tara mountain.

Being fascinated by the beauty and higher power of this mountain, I wished that every one of you would feel the same experience.

In order to achieve this, I have immediately made reservations for our group with the newly opened hotel called "Čarobni breg"(Magic Mountain). And presently I am looking forward to receiving your applications, so that I could confirm the booking in due course of time.

For more information, please find attached the document about our winter intensive seminar.

Kind regards,
Cordially, warmly, with wish to meet you soon

Your Vlado
